

## How Plants Are Trained to Work for Man (Paperback)

---

By Luther Burbank

Rarebooksclub.com, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1921 edition. Excerpt: .when grown from seed. On the whole, it is perhaps a little easier to get valuable new varieties of crinum by crossing and selection than with most other bulbous plants, especially the lilies--although there are notable exceptions among the California lilies, some of which cross very readily. Crinum seeds are very curious, in that they vary enormously in size, almost always, even in the same capsule. The pale-greenish bulblike seeds with irregular corrugations may vary from the size of a pea to that of an English walnut. When placed in a graded sequence they present a curious contrast. Yet the plants grown from the smallest seeds are likely to be quite as large and of the same appearance and quality as those grown from the mammoth ones. The seeds of the crinum thus furnish a unique link between seeds, buds, and bulbs, suggesting the...
