

Pocket Anatomy: A Complete Guide to the Human Body, for Artists and Students

Filesize: 8.78 MB

Reviews

Certainly, this is actually the greatest job by any publisher. It is really simplistic but shocks within the 50 % of the pdf. I am just happy to tell you that this is the very best ebook i have read in my own lifestyle and may be he greatest ebook for actually.

POCKET ANATOMY: A COMPLETE GUIDE TO THE HUMAN BODY, FOR ARTISTS AND STUDENTS

[DOWNLOAD](#)

Barron's Educational Series. Hardback. Book Condition: new. BRAND NEW, Pocket Anatomy: A Complete Guide to the Human Body, for Artists and Students, Christopher Joseph, Based on a Gray's Anatomy, a the classic reference volume used for more than a century by medical students around the world, a Pocket Anatomy offers a brand-new approach to the study of human body structure. Featuring all the fine illustrations found in the original, this new book presents a fresher, more accessible text that explains in lay terms exactly how the hip bone is connected to the thigh bone. Although it possesses the reliability and authority of a technical manual, a Pocket Anatomy is organized so that non-specialist readers can understand both text and illustrations. Each bone joint and muscular group is shown from a variety of angles and poses, allowing readers to get a full understanding of its function. Not only medical students, but artists and art students will find a Pocket Anatomy an invaluable and visually appealing reference source. Printed in full color, it presents 350 illustrations.
