Not illustrated. 1876 Excerpt: .of wisdom and scientific warfare, obtained the sign, the head of a spear. To Juno, the third planet, was assigned 0, a sceptre surmounted with a star, the emblem of the queen of heaven. An altar with fire upon it, fl, appropriately represented Vesta, the household goddess, whose sacred fire waa kept burning continually. In this way names of goddesses and appropriate symbols were used to designate the minor planets which were earliest discovered. Since then a simple circle with the number inclosed has been adopted; thus (r) represents Ceres--(c) is the sign of Pallas. JUPITEE. The king of the gods. Sign v, a hieroglyphic representation of an eagle the bird of Jove. Description.--From the smallest members of the solar system we now pass at once to the largest planet--the colossal Jupiter. Its peculiar splendor and brilliancy distinguish it from the fixed stars, and vie even...

Reviews

Complete information for publication fans. Better then never, though i am quite late in start reading this one. Its been written in an extremely straightforward way in fact it is just soon after i finished reading this ebook in which basically altered me, change the way i believe.

-- **Ellie Stark**

Without doubt, this is actually the greatest operate by any writer. It is really basic but surprises within the 50 percent of the ebook. I discovered this ebook from my i and dad recommended this ebook to understand.
