## A Better Pencil: Readers, Writers, and the Digital Revolution (Paperback)

By Professor of English and Linguistics Dennis Baron

Oxford University Press Inc, United States, 2012. Paperback. Book Condition: New. 226 x 142 mm. Language: English . Brand New Book. Computers, now the writer s tool of choice, are still blamed by skeptics for a variety of ills, from speeding writing up to the point of recklessness, to complicating or trivializing the writing process, to destroying the English language itself. A Better Pencil puts our complex, still-evolving hate-love relationship with computers and the internet into perspective, describing how the digital revolution influences our reading and writing practices, and how the latest technologies differ from what came before. The book explores our use of computers as writing tools in light of the history of communication technology, a history of how we love, fear, and actually use our writing technologies-not just computers, but also typewriters, pencils, and clay tablets. Dennis Baron shows that virtually all writing implements-and even writing itself-were greeted at first with anxiety and outrage: the printing press disrupted the almost spiritual connection between the writer and the page; the typewriter was impersonal and noisy and would destroy the art of handwriting. Both pencils and computers were created for tasks that had nothing to do with writing. Pencils, crafted...

### Reviews

*Comprehensive information for book fanatics. it had been writtern really completely and useful. I am happy to explain how this is the greatest publication i have read through in my very own life and can be he finest pdf for ever.*

-- **Virginie Collier I**

*Here is the finest publication we have read right up until now. It is actually writter in easy words instead of difficult to understand. Its been written in an remarkably easy way in fact it is only right after i finished reading this book in which basically changed me, modify the way i really believe.*
